Sign up for a subscription to access Premium features in Primary Record

Getting Started · https://www.primaryrecord.com/docs/sign-up-for-a-subscription-to-access-premium-features-in-primary-record/

To use Primary Record's premium features, you need a subscription. To sign up for a subscription or change your payment method, follow these steps:

- Family Account
- Professional Account

Here’s a comparison of what’s available in the free and premium subscription:

Feature or service	Free	Premium
Chat Assistant: You can ask an AI-powered Chat Assistant various questions based on the data, notes, and files in the Medical Profile.	4 chats per profile per month	
Patient portal integration: A connection to healthcare patient portals for the Medical Profile.	4 portal refreshes per profile per month	
Audio notes: Recording an audio directly into a note that is transcribed and made searchable through the Chat Assistant. Audio files don’t count against the data limit for files.	4 audio recordings per profile per month	
Files: Support for over 70 file types that include images, text, and audio that are processed and summarized for search through the Chat Assistant.	500 MB per profile per month
